Examples of Continuities Between Chinese Dynasties	Time Period

Chinese Dynasties

--	--

Instructions:

1. Use the following websites and your textbooks to complete the following charts comparing the Chinese Dynasties.

http://www.librarypoint.org/chinese_dynasties1

http://www.chaos.umd.edu/history/time_line.html

http://afe.easia.columbia.edu/timelines/china_timeline.htm

2. You should fill out the chart on the second page on continuities including anything that you can remember as examples of long term trends between Dynasties in different periods. Include all examples that you can find whether they are political, cultural, religious, economic, etc.. Reminder, continuity can include a big concept that might get tweaked but the big concept is still present. For example, Confucianism remained constant through Chinese history, but did undergo small changes during different periods. Please put the number for the time periods you are using.
