My History Timeline

Task: Create a personal timeline highlighting **15** events in your life.

Directions: 1. Brainstorming: List events that have impacted you throughout your lifetime. The events should represent important times in your life. It should include fun facts about you (the first time you road a rollercoaster, first job, first date). You may include the good and the bad (if you lost a family member or a friend) as well as milestones you would like to share (drivers license). You must have at least **5** illustrations of the events. 2. Once you have listed **15** events, place them in chronological order on a timeline along with your illustrations and the dates.
